If we accept the transfer, you will be considered the Contract Owner for all purposes. As a condition of the transfer, you understand and agree that the VSC excludes coverage for breakdowns that are, or would have been, covered under the vehicle manufacturer's warranty. Some manufacturers reduce the benefits and/or the term of their warranty to subsequent vehicle purchasers. Even if the manufacturer's warranty is reduced, restricted or eliminated, there will be no coverage available to you for those components covered under the original manufacturer's warranty for the original warranty term. Additionally, you understand that it is your responsibility to obtain any and all maintenance records for this vehicle. You are responsible for ensuring that all of the vehicle manufacturer's recommended maintenance has been performed and records of such are available. In the event that a mechanical breakdown occurs to a component requiring regular maintenance per the manufacturer, you will be asked to provide proof that such maintenance has been performed. In the event that you are unable to provide the required records, your claim may be denied.</p>
